# M&E Career Resource Hub for YEEs

An inter- regional virtual career resource hub for monitoring and evaluation for YEEs

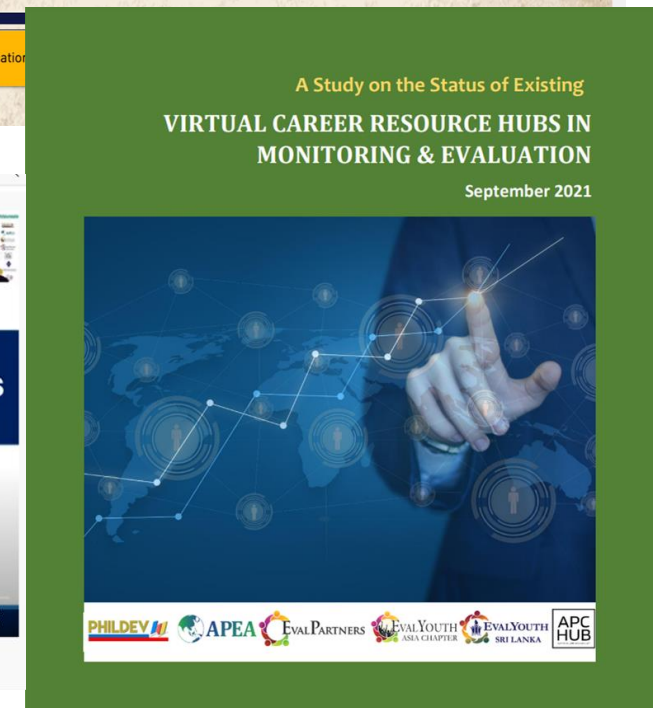

- For promoting, supporting, and facilitating YEEs career development support
- To create a live forum for learning and sharing that entails use of Evaluative Evidence

[www.mandecareerhub.org](http://www.mandecareerhub.org)

The development of the virtual resource hub was supported by;

- Findings of the study of existing virtual resource hubs for M&E  
(Link:[https://www.mandecareerhub.org/\\_files/ugd/6d0c46\\_4c7d1bc560494c3882da884ca6f0444a.pdf](https://www.mandecareerhub.org/_files/ugd/6d0c46_4c7d1bc560494c3882da884ca6f0444a.pdf))
- Suggestions from a stakeholder consultation held virtually with the participation of invited M&E professionals across the globe.

Webinar on the resource hub launch(Link:[https://www.youtube.com/watch?v=2L\\_sdrRaUig](https://www.youtube.com/watch?v=2L_sdrRaUig))

# Practical Evaluation Opportunities for YEEs

- MoU signed between EvalYouth Pakistan and UNICEF
- Evaluation Community of India & EY India working with Development Monitoring and Evaluation Office, NITI Aayog (designated evaluation institute in India) to get regular internship opportunities
- Institutions informally reaching out for recommendations for hiring

# Each one teach one campaign

- Capacity building of evaluators
- Awareness campaign on use of evaluation

# Global activities

# Lessons Learned

- Co-lead with youth
  - Have YEEs involved in evaluation teams, commissions, advocacies, networks / Voluntary Organizations for Professional Evaluation (VOPEs)
- Create YEEs networks - EvalYouth Chapters
- Create awareness on the evaluation field
- Create educational opportunities to study M&E
- Regularly have capacity building opportunities for professional development
- Provide evaluation internship opportunities
- As YEEs - volunteering opens doors, gives opportunities, but not everyone remains active all the while, so need large pool. Lot of skills learnt.

# Thank you!
